## Saturday Shoot July 12 @ 4:00 to 6:00 ATA Trap and skeet only

## Saturday, July 12 @ 6:00 – 9:00 **Hot Shots**

#### Hot Shot Wobble - \$6 a round

Targets are thrown at approx. 60 mph – up to 80 yards as they oscillate side to side and up and down. Full squads of 6

Shooters rotate to the right after each shot. If there is 6<sup>th</sup> shooter he/she is on deck positioned behind shooter 1.

Rotation is as: shooter 1 goes to station 2, shooter 2 goes to station 3, shooter 3 goes to station 4, shooter 4 goes to station 5, shooter 5 goes to station 6 behind station 1, and shooter 6 goes to station 1. So, only 5 shooters will actually shoot per station with a 6<sup>th</sup> shooter on deck. Rotation thus continues for the completion of the 25 rounds.

## Squads of 5

Shooters rotate as above except there is no 6<sup>th</sup> station (no one on deck) to compete the 25 rounds. Shooters are permitted 2 shots at each bird.

You'll need more that 25 rounds.

Speeds less than 1200 fps probably won't be fast enough.

Tighter chokes are recommended.

Loads of shot # 7.5 through # 9 and between 7/8's and 1 1/8<sup>th</sup> are permitted.

There is parking near the wobble trap for your convenience.

### Hot Shot Trap - \$6 a round at trap houses 1 and 2.
